

a1 6. (Amended) The door and frame combination of claim 1, further comprising thermal pockets in the door and on the frame, the thermal pockets being filled with a second insulating material.

7. (Amended) The door and frame combination of claim 6, wherein the second insulating material is high-density polyurethane.

a2 13. (Amended) The door and frame combination of claim 9, further comprising thermal pockets in the door and on the frame, the thermal pockets being filled with a second insulating material.

14. (Amended) The door and frame combination of claim 13, wherein the second insulating material is high-density polyurethane.

a3 18. (Amended) The door and frame combination of claim 16, further comprising thermal pockets in the door and frame, the thermal pockets being filled with high-density polyurethane.

REMARKS

1. Non-prior art matters.

The drawings were objected to. However, the Office Action noted that formal correction may be deferred until the application is allowed by the Examiner.

2. Prior Art Rejections

- (a) The Office Action rejected claims 6, 7, 13, 14 and 18 under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Applicant has amended claims 6, 13, and 18 and respectfully suggests that the rejection has been overcome.
